

Learn the tactics and skills
necessary to raise your score!

WHAT IS THE SAT®?

The SAT® is a globally recognized college admissions test that allows you to demonstrate to colleges what you know and how well you can apply that knowledge. It tests your knowledge of reading, writing and math--subjects taught every day in high school classrooms.

Most students take the SAT® during their 11th or 12th year in school. Almost all colleges and universities in the United States use the SAT® to make admission decisions.
