

Sending Your TOEFL iBT® Test Scores

Your test fee includes four free official TOEFL® score reports to be sent to the TOEFL Destinations that you select before you test.

Score report recipients can be added or deleted through the TOEFL iBT® online registration system until 10 p.m. (local test center time) on the day prior to the test date. For selections made after the 10 p.m. deadline, there is a fee of US\$18 for each score report.

Official score reports will be sent to your designated recipients approximately 13 days after you take the test. However, ETS has no control over mail delivery to various locations around the world. Allow 7–10 days after the mailing date for delivery in the United States, and 4–6 weeks for locations outside the United States. For information specific to your location, contact your post office.
